PROFESSIONAL SUMMARY

Motivated and detail-oriented Full Stack Developer with strong knowledge of front-end and back-end technologies. Currently enrolled in the Governor Sindh Initiative for AI, Web 3.0 & Metaverse, where I am gaining hands-on experience in Artificial Intelligence, Modern Web Development, and emerging technologies. Skilled in building responsive and user-friendly web applications using modern frameworks and tools. Experienced in working with databases, APIs, and version control systems. Passionate about learning new technologies and solving real-world problems through efficient coding practices. A collaborative team player with strong communication skills and the ability to manage multiple tasks effectively while delivering high-quality solutions.

WORK EXPERIENCE

CBS PAKISTAN

Software Developer Intern

- Developed and maintained web applications using modern front-end and back-end technologies
- Built responsive user interfaces using HTML, CSS, JavaScript, and frameworks like React
- Designed and managed databases such as MySQL
- Created RESTful APIs and integrated third-party services
- Collaborated with team members to deliver high-quality projects on time
- Fixed bugs and improved application performance
- Assisted in developing websites and web applications
- Wrote clean and efficient code using HTML, CSS, and JavaScript
- Worked with senior developers to learn backend technologies
- Tested and debugged applications to ensure smooth functionality
- Participated in team meetings and project discussions
